

The PPS Glide is an innovative, air assisted safe patient handling solution.

Similar to an air hockey table, our technology reduces friction by circulating low pressure, high volume air through thousands of micro perforations. This creates a cushion of air upon which the patient can be effortlessly moved from one surface to another.

Enhanced ergonomics and ease of use significantly reduces the amount of exertion required for patient transfers, and allows for greater patient comfort, increased operational efficiency and a safer workplace for caregivers. Portability, a small storage footprint, and radiology compatibility are all added benefits.

The PPS Glide is the optimal safe patient handling product to meet your patient transfer needs in any patient care venue, especially the ED, OR, ICU, cath lab. Lateral transfer devices like the PPS Glide have been shown to require nearly 90% less exertion than a standard drawsheet.

Caregivers can safely transfer the largest of patients.

Enhances caregiver and patient safety alike.

Radiolucent and MRI compatible.

Comes in multiple sizes.

The PPS Glide allows two caregivers to laterally transfer a patient safely while reducing the potential for back injury. The core of the system is an inflatable mat that lifts and floats the patient on a cushion of air, that with little effort, caregivers can transfer even the very large patients from one surface to another.

# PPSGlide Product Features

## Extended Pull Handles

Two caregivers can laterally transfer a patient with the siderails up while maintaining an upright ergonomic posture.

## Blower Unit

This lightweight unit supports all three PPS Glide transfer mat sizes, for patients up to 1000 lbs.

## Compact Roller Tote

Makes transport and storage of the PPS Glide system simple.

### Machine-Washable

The transfer mat is machine-washable, making cleaning convenient.

### Enhanced Security for Patients

Safety straps and thermal protection help position the patient for enhanced comfort during transfer.

### Available in Multiple Sizes

Regular, Large and Bariatric for patients up to 1000 lbs..

# The solution is PPSGlide

Item Part Number	Item Description
3062-500-028	28" REGULAR MAT COATED STRAPS
3062-500-032	32" LARGE MAT COATED STRAPS
3062-500-046	46" BARIATRIC MAT COATED STRAPS
3062-500-128	28" REGULAR MAT BRAIDED STRAPS
3062-500-132	32" LARGE MAT BRAIDED STRAPS
3062-500-146	46" BARIATRIC MAT BRAIDED STRAPS
3060-400-110	110V BLOWER UNIT, DOMESTIC
3061-045-100	PPS GLIDE BLOWER CADDY
3061-045-012	KIT, CADDY WALL MOUNT
3060-001-041	TOTE
3060-001-146	TRANSFER BRIDGE
3061-120-028	28" PROTECTIVE SHEET
3061-120-032	32" PROTECTIVE SHEET
3061-120-046	46" PROTECTIVE SHEET
